# C4 ANTI-FOG

### **Available Sizes:**

### **Description:**

This solution is specifically made to keep the glass from fogging, enhance eyesight clarity, and safeguard driving safety. several uses, such as helmet goggles, mirrors, windscreens and washroom mirrors. Condensation can preserve the anti-fogging effect and effective protection of car glass even in the winter, allowing for clearer, more transparent vision.

## PH: 7

#### Ingredients:

Surfactants, deionized water, deodorized ethanol

### **Dilution Ratio:**

The product can be used straight away and doesn't need to be diluted

### **Instructions:**

- 1. Clean the glass
- 2. Spray the agent on the interior surface of the glass and wipe evenly
- 3. Air dry the surface
- 4. Wipe the streak if required

### Caution:

- · Keep out of reach of children.
- In the event of accidental consumption or ocular contact, rinse with water and get medical help right once.
- Avoid storing in direct sunlight or at high temperatures.
- Prior to construction, clean the glass by removing any oxidized layer and surface filth, applying a layer of glass anti-fogging agent, and then wiping it off with a cloth or sponge.
- Before construction, please blow dry any moisture that may be present on the glass surface.
- The coating may prevent some windows from achieving the anti-fog effect.

### WARNING:

May cause nausea, irritation. May be a slight irritant to eyes.
